

SPRING POST/ROAD BARRIER

10. SPRING POST / REBOUNDABLE DELINEATOR

Also Available Grip & Chain

Made of Special Strong Flexible UV Protected Poly-Urethane Material. It reduces road accidents by providing an advance warning. Its excellent reboundability quickly restores its original state without doing any damage to the vehicle as well as spring post.

- > Made of Strong Flexible UV Protected PU
- > Three Reflective Bands
- > Extremely High Quality of Reflecting Sheeting used
- > Very Durable

Available in 2 Sizes

- > RSSP - 750 700X80X200mm
- > RSSP - 900/3 900x80x200mm

Installation Procedure :

- Clean the Area where Spring Post is to be Installed Mark the Nail Points Grout the holes & Clean the surface again. Mix Epoxy & Hardner in proper ratio & pour in the holes made place the spring post & fix the bolts with hammer

Applications

- Centre Lane Division
- Dangerous U-Turns
- Dangerous Medians
- Construction Zone
- No-Entry Zones
- Multi Lanes
- Centre Verge
- Sharp Curves
- Parking Lots
- Highway
- T-Zones

11. LINEAR DELINEATOR SYSTEM (LDS)

Designed for continuous enhanced road guidance along concrete barriers, centre round about & metal guards. These provide Night time visibility at locations where normal sign boards cannot be installed. These LDS are fabricated using micro prismatic reflective sheeting & provide superior reflectivity at wider angles.

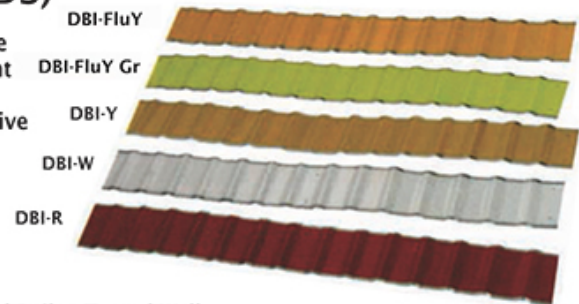

LDS is intended for the linear reflectorization of Concrete Barriers & Metal Guardrails. It provides Retroreflection across a very wide rang of entrance & observation angles.

Applications

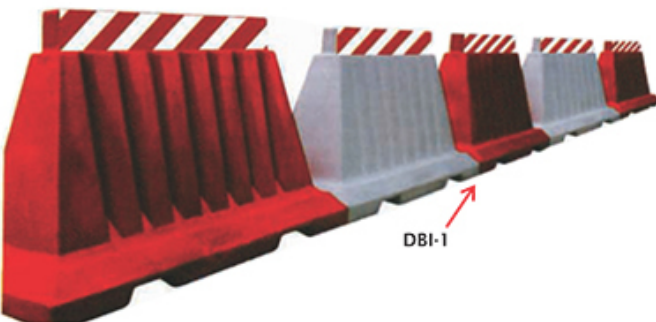

- Highway Clover Leaf • Exit Curves • Concrete Barriers • Metal Guard Rails • Tunnel Walls
- Gap in Verge • Bridge Guard Rails • Approach to Bridges • Centre Round About

Features

Aluminium Substrate • Size - 850 x 100 • Pre-punched Holes • Hemmed Edges • Available in all colours

12. ROAD BARRIERS

MODULAR WATER FILLED BARRIER SYSTEM

Light Weight When empty. Interlocking System - Behaves as a wall. Highly visible with reflective sheet pasted. Modular in design.

Model	Length	Width	Height	Volume
DBI-1	1600mm	650mm	980mm	60 Ltr.
DBI-2	1000mm	490mm	780mm	20 Ltr.
DBI-3	1000mm	200mm	500mm	15 Ltr.
